

REACH Perimed declaration regarding (EC) 1907/2006

Perimed AB declares that to the best of our knowledge, including information from our suppliers, our products comply with the European Regulation (EC) 1907/2006 requirements regarding Registration, Evaluation, Authorization and Restriction of Chemicals (REACH).

Compliance with REACH requires that:

- Manufacturers and importers must register chemical substances that they produce or import in quantities over 1 t/year
- Manufacturers must inform customers if their products contains substances from the SVHC Candidate List in a concentration above 0,1% weight by weight (w/w)
- Substances in Annex XVII are not allowed to be used if the conditions of restrictions apply to Perimeds products

Perimed strives to substitute all Substances of Very High Concern (SVHC) that are found in our products in a concentration above 0.1% (w/w), when technically possible.

Based on our investigations and information from our suppliers we have identified the following substances from the SVHC candidate list, in a concentration above 0.1% (w/w), in our products/articles:

PeriCam PSI NR/HR (90-00070 / 90-00071)
